

An introduction to

# Career Services

# Agenda

- **What is Career Services?**
- **Career Trajectory**
- **How can Career Services help you?**
- **International Student Resources**

# Creating your career path

# Career paths

The perception

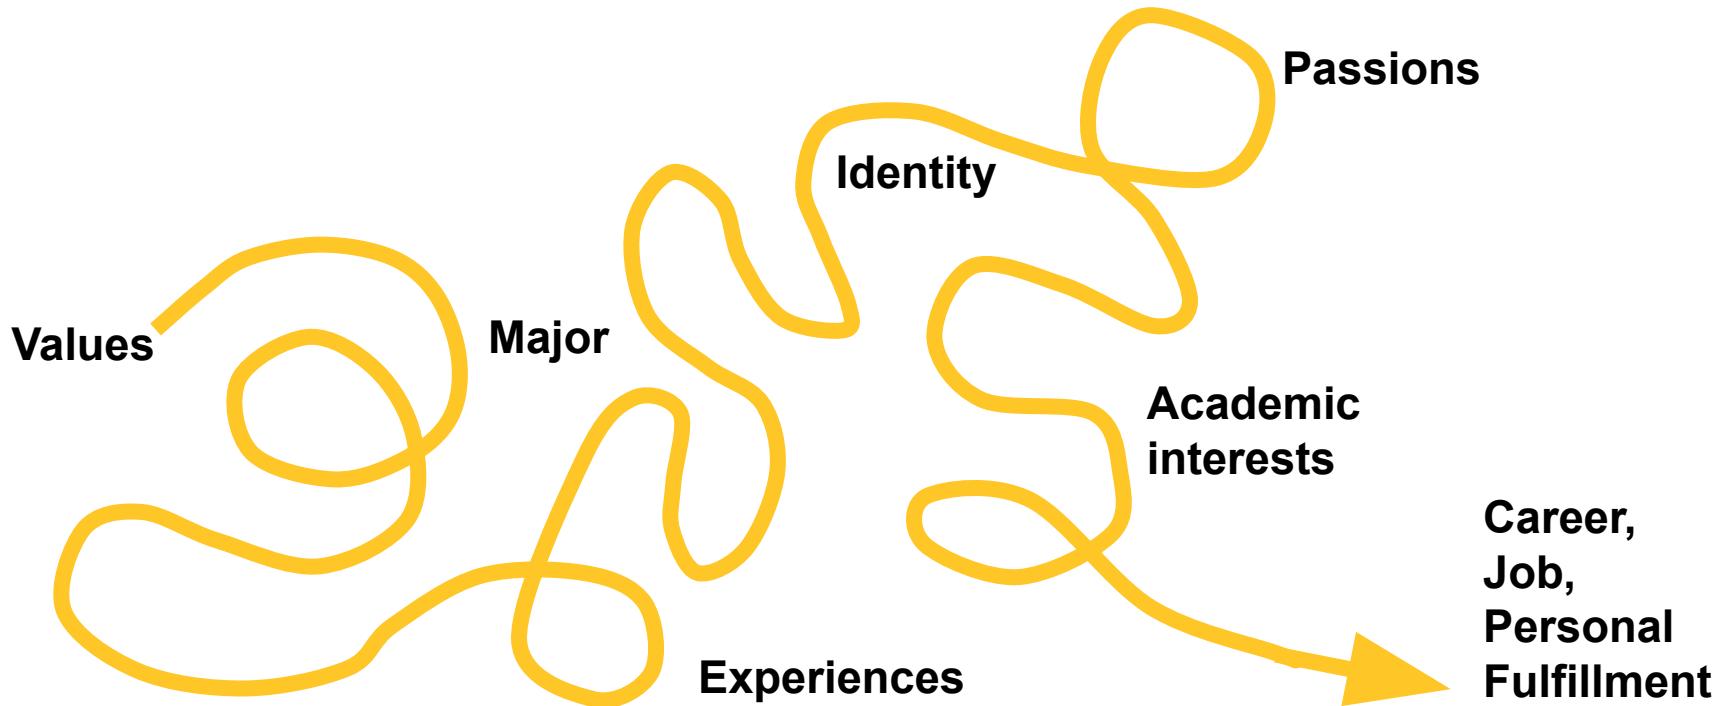

Major

Career

# Your career path is *nonlinear*

In reality, your career is influenced by

# The value of a degree

What can I do with my major?

How can I market the knowledge, skills and experience that my degree brings?

# How can Career Services help you?

# Career Services

- Career Centers of ASU help student with preparing for future internships and jobs.
  - ASU has career centers across all the 4 campuses
  - Apart from those, there are specialized career centers for Fulton school and WPC school as well.
- Link to their website: <https://career.asu.edu/>

# Why utilize Career Services?

Centralized Platform that provides essential resources and support to help ASU students in their careers. Engaging with these services can give students a competitive edge, increase their confidence, and improve their chances of securing meaningful employment after graduation.

<https://career.asu.edu/>

We are committed to all students' career success no matter what stage in life they are at (in-person and online).
